

# Over 100 National University Students Receive Career Development Training through BYLC OPD Career Center

January 25–27, 2026

The Masterclass Batch 5 was successfully completed under the National University Employment Reform Initiative (NUERI) by the BYLC OPD Career Center, bringing the total number of National University students engaged in the program to over 100. Through the Career Center services, students received guidance on professional communication, job preparation, and navigating early career opportunities. Over time, participants demonstrated increased confidence in pursuing employment opportunities and engaging with professional environments. In the past month alone, four members from the Career Center secured job placements.
